Decorative Vinyl Applications

## 3M Fasara Films

When applied to glass, 3M Fasara Films offer varying levels of privacy and give glass increased aesthetic appeal. Available in different styles and textures, these films can be customized to meet your specific needs. Popular applications include.....

- private offices
- conference rooms
- verandas
- entrance areas
- doctors' offices
- doors
- sidelites
- bathrooms

## 3M Vinyl Graphic Films

3M Vinyl Graphic Films are a versatile product line that can be adapted to fit your unique project goals. Designed for custom cutting and graphics, these films can be applied to glass, walls, floors and beyond. Vinyl graphic films are great for company branding, motivational signage, lettering, promotional signage and printed graphics. Available in many colors and levels of transparency, these films are a great option for your graphic design needs.

## 3M Di-Noc Architectural Finishes

Di-Noc Architectural Finishes provide endless opportunities for the discriminating designer. With over 500 styles to choose from, these films can be applied to almost any surface. Walls, floors, countertops, doors or virtually any other surface can be given a durable and aesthetically pleasing update. Di-Noc is available and useful for both new construction and remodel applications at a fraction of the cost of new materials. Product samples and more information can be found on our website at [solartexinc.com](http://solartexinc.com).
